

The School District of Neillsville Board of Education, considering the recommendation by the district administrator, will approve the employment of all persons who require Wisconsin certification. Should a person nominated by the district administrator be rejected by the board, it will be the duty of the district administrator to make another nomination for employment that meets all of the qualifications established by law and by the board for the type of position for which the nomination is made.

Exempt from this procedure are those officers of the board who attain office by balloting, the district's attorney, auditor, architect, substitute positions and other consultants to the board who may be employed from time to time.

Initial Adoption: 10/14/02

Final Adoption: 11/11/02
