

SCHOOL DISTRICT OF NEILLSVILLE

Dear Parents/Guardians,

We want to inform you about an important assessment children in grades 4K - 3rd will be taking this school year: the *AimsWebPlus* Early Reading Screener. Children in 4th and 5th grades will be assessed using Fastbridge reading. This screeners are designed to measure your child's progress in key literacy skills and including:

- Alphabet knowledge
- Letter-sound knowledge
- Phonemic awareness
- Decoding
- Oral vocabulary
- Comprehension

When will the screener take place? Your child will take the screener 1 to 3 times throughout the school year, depending on their grade level. It will take place at the beginning, middle and end of the school year.

How will we use the results? The results of the screener will help us identify your child's strengths and areas where they may need additional support. This information will guide our instruction and help us tailor lessons to meet your child's individual needs.

What about the results? You will receive a report with your child's score and a percentile rank, which compares their performance to other students at the same grade level. We will notify you if your child scores at or below the 25th percentile. If this occurs, we may schedule a meeting to discuss your child's progress and develop a plan to support their learning. We will make sure to communicate with parents or guardians about the results.

How can you help? The best way to prepare your child for the screener is to continue reading together regularly. Discuss the stories, ask questions, and point out new words and sounds.

If you have any questions or concerns about the *AimsWebPlus* Early Reading Screener or Fastbridge, please don't hesitate to contact me.

Thank you for your support.

Sincerely,

Mrs. Marcy Kunze,
Elementary School Principal
